Riviera

Problem Overview

Career fairs are inefficient, disorganized, and resumes often get lost.

Target User

&

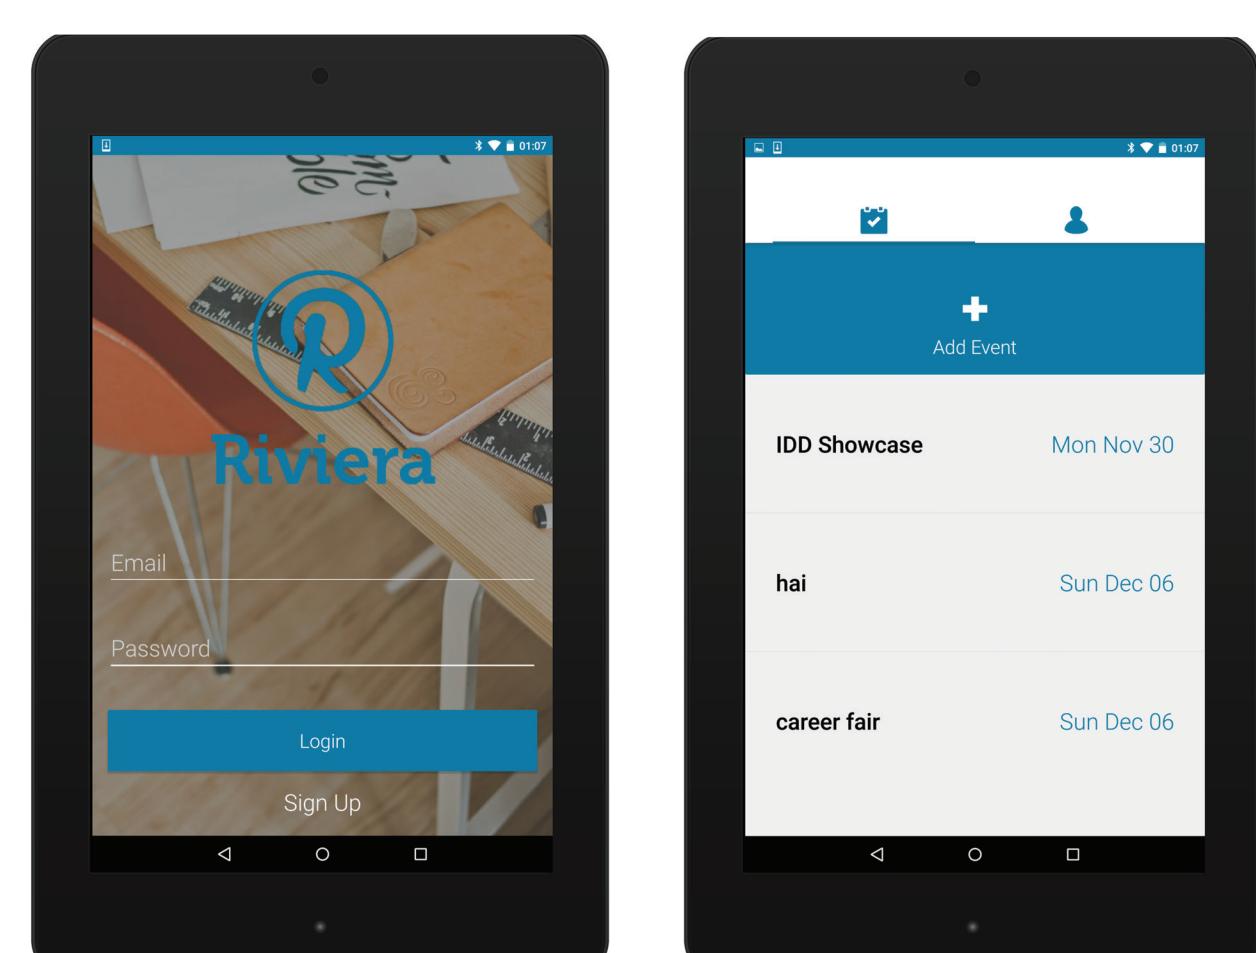

Our target user group are **recruiters** and job-seeking professionals.

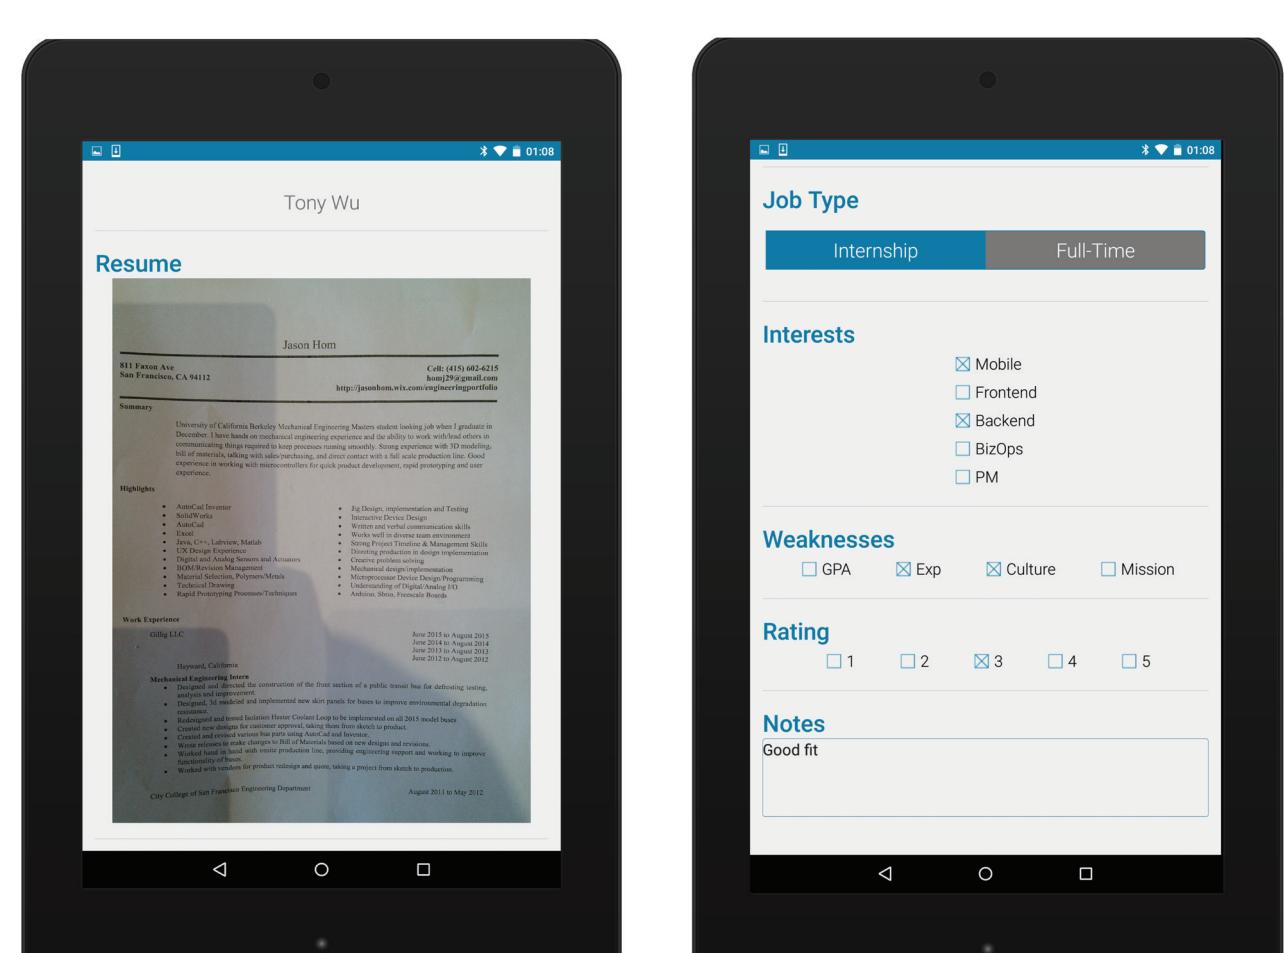

Companion Apps

① Student Sign In
Resume Upload

③ Candidate Feedback
Candidate Profile

② Recruiter Sign In
Events Page

Our Solution

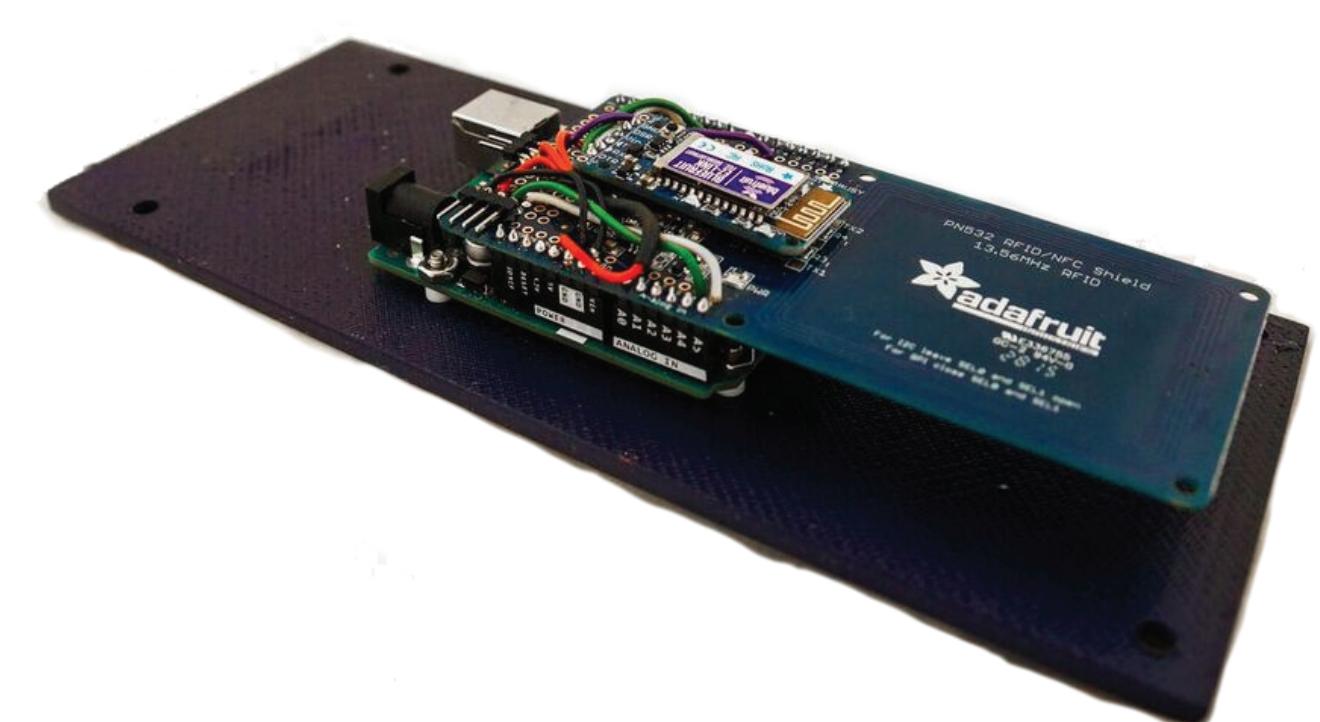

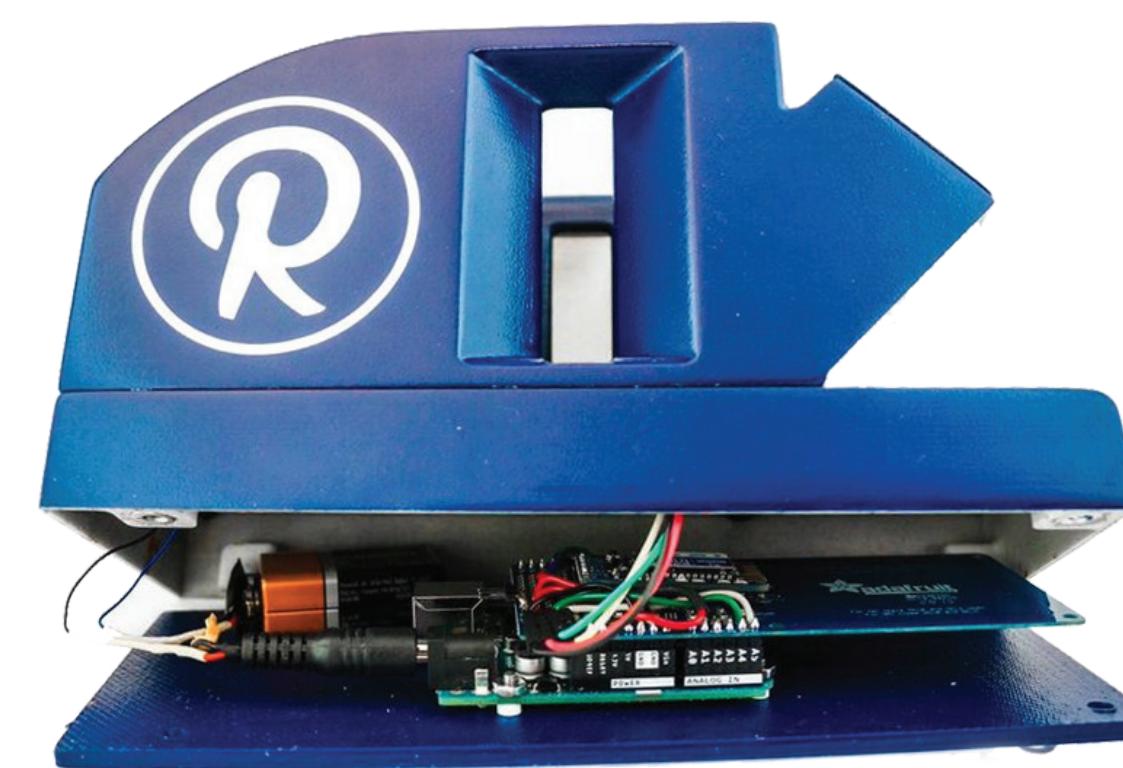

Recruiters

- ① Candidates will check-in with badge
- ② Easily view candidates who have checked in
- ③ Quick feedback

Candidates

- ① Check-in upon arriving at your career fair
- ② Fill out basic info and take a photo of your resume
- ③ Take your NFC badge

Hardware Breakdown

Every Riviera unit is equipped with **Bluetooth** for app communication, an **NFC** writer, a badge-dispensing **servo**, and a status **LCD** screen.

Use Cases

Recruiter

Easy access to collected data

Candidate

Save time and paper

Recruiter-Candidate

More efficient and reliable interactions
